## LOS BOHEMIOS

DENOMINACIÓN DE ORIGEN NAVARRA

### HISTORY OF BRAND:

Jardín de Lúculo Los Bohemios is representative of the unconventional lifestyle of bohemianism followed by Juan Glaría and Virginia Arranz, the creators of this exceptional wine.

This lifestyle, typical of adventurers and dreamers, gives name to a fresh, fruity range of wines coming from the best vineyards of Navarra.

### VINEYARD:

The wine called Jardín de Lúculo Los Bohemios was prepared from old Grenache vines growing in the lower mountains of Navarra, where the oldest strains of this variety are raised

### FERMENTATION & AGEING:

After an optimal Harvest in October from our old garnacha bush vines, the grapes are taken to the winery for destemming. The fermentation takes place at a controlled temperature during 15 days.

The malolactic fermentation is completed in concrete tanks where the wine rests during the winter. Then, the wine is cold stabilized and filtered before being bottled.

The Jardín de Lúculo Los Bohemios is best enjoyed young to truly experience its lush fruitiness.

### WINEMAKER'S NOTES:

Jardín de Lúculo Los Bohemios is a dark ruby red Garnacha wine. This soft fruity elegant wine presents dense aromas of red berry fruit that combines nicely with floral notes of violet. The fruit follows through to the palate with dark berry jam flavors and a touch of spices.

The delightfully lush mid-palate segues beautifully into a long, well balanced finish.

### SERVICE SUGGESTIONS:

Try it with lamb, pizza, pasta or tapas. Serve at 16-18°C.

### AWARDS:
